

Exhibit 1

**IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF OKLAHOMA**

IN RE: BROILER CHICKEN GROWER
ANTITRUST LITIGATION (NO. II)

MDL No. 6:20-MD-2977-RJS-CMR

Hon. Chief Judge Robert J. Shelby

Hon. Cecilia M. Romero

**DECLARATION OF DENISE EARLE
REGARDING CLAIMS ADMINISTRATION FOR BROILER CHICKEN
GROWER SANDERSON, PERDUE, AND TYSON SETTLEMENTS**

I, Denise Earle, hereby declare under penalty as follows:

1. I am a Senior Project Manager with Angeion Group (“Angeion”), located at 1650 Arch Street, Suite 2210, Philadelphia, PA 19103. I am over 21 years of age and am not a party to this action. I have personal knowledge of the facts set forth herein and, if called as a witness, could and would testify competently thereto.

2. Angeion is serving in this matter as the Claims Administrator assisting with various tasks, including: administering the Notice Program; receiving and processing claims and requests for exclusion; responding to class member inquiries; establishing and maintaining the Settlement Website; and performing such other duties as may be directed by the Court or the Parties, including distribution of net settlement funds. This declaration discusses the administrative work that Angeion has performed, and the determinations made with respect to the processing of claims filed in connection with the class action settlement with Sanderson.¹ This declaration also provides an update regarding the distribution of checks and funds currently remaining in the distribution account for the Tyson and Perdue settlements.

¹ All defined terms herein have the same meaning as ascribed in the respective papers in support of the motions for preliminary settlement approval, approval of the notice to the settlement class, and final settlement approval as well as the orders of the Court in connection with those motions.

SANDERSON SETTLEMENT

CLAIMS ADMINISTRATION

3. Claims Received. Each class member was sent a Pre-Populated Claim Form, where possible, that listed the dollar amounts of their total compensation for Broiler Grow-Out Services during the Class Period, as reflected in the data supplied by Defendants and Alleged Co-Conspirators. The Claim Form provided the opportunity to agree to the listed compensation amounts in Defendants' data ("Option One") or to dispute those amounts by providing documentation to reflect different amounts of qualifying compensation ("Option Two"). Additionally, Unpopulated Claim Forms were mailed to members of the Settlement Class for whom Plaintiffs possessed address information but lacked the data necessary to generate a Pre-Populated Claim Form. The Claim Form required claimants to either provide information on their total payments for Broiler Grow-Out Services by year, with supporting documentation of those payments, or provide alternative information that could be used to validate their claim. The postmark deadline for claimants to submit their corrected or supplemented Pre-Populated Claim Form or completed Unpopulated Claim Form was December 13, 2023.

4. Angeion received a total of 572,693 Claim Forms. Of these, 2,160 were related to a Pre-Populated Claim Form, and 570,533 were Unpopulated Claim Forms or Claim Forms submitted through the Settlement Website or using the PDF Claim Form from the Settlement Website. Claimants could have submitted their completed Claim Form via U.S. mail, email or on the Settlement Website.

CLAIM FORM REVIEW

5. Claimants who received a Pre-Populated Claim Form that already contained pre-populated payment information did not need to do anything further to receive a payment. If claimants received a Pre-Populated Claim Form with Pre-Populated Payment Information, and they disagreed with the compensation information or believed the information was incomplete, they could submit a corrected Claim Form. A Claim Form could also be returned to update their mailing

address, even if they agreed with the compensation information. Claimants who received a Claim Form that did not include any pre-populated payment information (or did not receive a Claim Form at all) had to complete and submit a Claim Form to receive a payment. Among other information, the claimant had to verify the accuracy of the information provided on and with the Claim Form by signing an attestation.

6. Angeion reviewed all Claim Forms for completeness and validity. Angeion identified claims that were deficient due to a failure to provide required information. Deficiencies included: (i) the failure to provide compensation amounts or totals; (ii) the compensation amounts or totals were materially inconsistent with available industry payment data; and (iii) the failure to provide sufficient documentation for corrected, supplemental or newly described compensation amounts.

7. Angeion sent communication to these claimants in the form of a notice that indicated they did not provide enough information to substantiate an increased payment amount or class membership.

8. By their nature, an Option One claim had no need to go through the claims review process as it did not contest the information supplied, as they simply agreed with the pre-populated determinations drawn from the parties' structured data. The claims review process was utilized to determine Grower compensation for Option Two claims.

9. Option Two claimants were required to submit amounts and supporting documentation for their claimed compensation paid by a Defendant or Alleged Co-Conspirator for the Broiler Grow-Out Services during the Class Period. Angeion broke out the claims review process into two steps. In Step One, Angeion reviewed all Option Two claims to determine if the accurate amounts of compensation should be: (a) the amounts listed in Defendants' data; (b) the amounts claimed by the claimant; or (c) other amounts as determined by review of (a) and (b). Angeion used information provided on the Claim Form and within documents supplied to research Defendants' data for all records related to the claimant, its DBAs, and its address locations and to consider the cumulative total of the compensation amounts when new or multiple records were

found in the parties' structured data. Angeion then compared the cumulative amount, if applicable, to the disputed amount listed by the claimant. Angeion then accepted the cumulative amounts as valid if these amounts equaled or exceeded the disputed amounts of the claimant. In Step Two, if the cumulative amount was less than the disputed amounts of the claimant, Angeion then reviewed the documents supplied by the claimant. If Angeion found that the documents supported the amounts claimed by the claimant either equaling or exceeding the disputed amount of the claimant, the disputed amounts were accepted, and the claim deemed eligible for those amounts. If the claimed amounts were not supported, then Angeion reverted the claim to what was supported either by the documentation or the Defendants' data, whichever was greater as noted on the Claim Form.

10. Rejected or Duplicative Claims. During the claims' administration process, 570,745 claims were rejected or no action was taken for one or more of the following reasons: (a) they did not supply documents to prove they were members of the Class; (b) they did not have qualifying transactions that could be located in Defendants' data and did not submit sufficient documentation to determine their compensation amounts; (c) they were submitted after the claims deadline; (d) they were withdrawn; or (e) the provided documents directly related to a pre-populated Claim Form or another Claim record that contained the same (or higher) compensation amounts than their disputed compensation amount, thus the additional Claim Form submission was unnecessary. These 570,745 claims were removed from further review and processing. In addition, two claims were identified as being duplicative, and so were also removed.

11. Opt Outs. There was a total of 14 records which were identified as being related to the 11 opt out requests. Thus, they will not receive a Settlement payment.

12. Eligible Claims. After all efforts noted above and the de-duplication or consolidation of records occurred, the total number of claims eligible for payment is 23,750.

13. Attached as Exhibit A is a list of all approved claims referenced by Claim Number only to provide anonymity to individual's identity. As individuals have their own Claim Numbers, they

will be able to review their claim award amounts. The list will include the total amount that will be paid from the Sanderson Settlement (“Sanderson Distribution”) and the compensation amount that was used to make this determination.

SETTLEMENT FUND

14. As of August 7, 2024, a total of \$10,853,150.97 in Settlement funds is available for distribution. This balance includes a total of \$687,583.60 of earned interest and takes into consideration payment deductions out of the account. Payment deductions included attorneys’ fees and expenses approved by the Court, as well as Settlement administration invoices for incurred expenses, estimated expenses to complete, tax payments, and a reserve for future administration expenses as described below.

15. Administrative Fees and Expenses. The total invoiced administrative fees and expenses, including data analysis, publication notice, direct mail notice, claimant communication, the audit and claim review process, and other claims administration tasks through June 30, 2024, were \$301,899.81.² Angeion estimates fees and costs remaining through this initial distribution will be approximately an additional \$103,828.00, for a total overall amount of expenses for this matter through initial distribution of \$405,727.81. Further, in anticipation of a potential second distribution, for example, in the event that some class members decline to cash their checks, \$50,000 was set aside in reserve for the estimated administration expenses associated with dissemination of a second round of payments.

16. Net Settlement Fund. Considering the interest earned, fees and taxes paid, and the reserve to the Settlement Fund described above, the total amount estimated to be available for distribution to Claimants (“Net Settlement Fund” or “NSF”) is \$10,853,150.97.

² These costs were higher than anticipated due to the widespread filing of fraudulent claims. Angeion provided a favorable rate to Plaintiffs for the processing of such fraudulent claims, which decreased Angeion’s invoices by over \$400,000. Nonetheless, the costs remained higher than anticipated.

17. Upon approval of the above calculation and Court authorization for distribution, the average award is \$456.97 per class member. In total, there are 4,460 who will receive \$100.00 or less; 10,667 claimants will receive between \$100.01 - \$500.00; 6,465 will receive between \$500.01 - \$1,000.00; 1,921 will receive between \$1,000.01 - \$2,000.00; 185 claimants will receive between \$2,000.01 - \$3,000.00, and 52 claimants will receive an amount greater than \$3,000.³

DISTRIBUTION

18. In preparation for printing and mailing the distribution checks, the names and addresses of the eligible claimants will be processed, standardized and updated utilizing the National Change of Address database (“NCOA”) maintained by the U.S. Postal Service (“USPS”). The NCOA contains change of address notifications filed with the USPS and if an individual or business had filed a change of address notification with the USPS, the address listed with NCOA will be updated in our records and used in connection with the mailing of the checks.

19. The distribution checks will be void ninety (90) days after issuance. Wording to this effect will be printed on the face of the check and will be mentioned in the check stub.

20. Angeion will re-issue checks to all whose check is returned by the USPS as undeliverable but contain a forwarding address. All checks re-issued through this process, or by claimant request, will be void thirty (30) days after re-issuance or the original check’s void date, whichever is greater. Any check for which an updated address cannot be obtained through these means (or is returned a second time by the USPS as undeliverable after re-issue following research) will be deemed “undeliverable” and no further processing will be performed.

³ Our understanding from Settlement Class Counsel (and as the figures listed in the Final Compensation Column in Exhibit A indicate), is that claimants receiving comparatively more or less in payments is driven by the length of time they were class members. For example, those receiving \$100 or less have Final Compensation amounts indicating they likely raised approximately one flock of Broilers during the entire Class Period, and so were allegedly underpaid for comparatively fewer Broiler flocks. Those receiving comparatively more have Final Compensation amounts indicating they likely raised more flocks during the Class Period, sometimes across multiple farming operations for a longer period of time, and so were allegedly underpaid for comparatively more Broiler flocks.

TYSON AND PERDUE SETTLEMENTS

DISTRIBUTION

21. On November 21, 2022, Angeion caused distribution checks to be mailed to 23,124 eligible claimants. The 23,124 distribution checks issued totaled \$20,975,131.91.

22. Subsequent to distribution checks being mailed, and as a result of additional research and correspondence with class members, it was determined there were four additional distribution payments that needed to be issued totaling \$6,223.39 (“Additional Distribution Payments”). In summary, 23,128 distribution payments were mailed for a combined amount of \$20,981,355.30.

23. Distribution checks that were returned to Angeion as undeliverable by the USPS were subjected to an address verification search (commonly referred to as “skip tracing”) utilizing a wide variety of data sources, including public records, real estate records, electronic directory assistance listings, etc., to locate updated addresses. Eligible claimants for whom a new address was identified via the skip trace process had their distribution checks re-mailed to the updated address. Likewise, Angeion received and processed eligible claimants’ requests to reissue their respective distribution checks.

24. Of these 23,128 payments, there were 18,411 payments that were cashed and 4,717 that were not cashed. Of the 4,717 that were not cashed, there are nine recently issued payments totaling \$11,675.57 that contain a valid check cashing deadline date and are still able to be cashed (five reissues of payments issued on November 21, 2022 and the four Additional Distribution Payments). For the sake of calculating eligibility and amounts available for a second distribution, these nine payments shall be considered as cashed given Angeion has been in recent contact with the payees and expects them to cash in the near future. The remaining 4,708 uncashed payments have been voided, as the initial check cashing deadline has passed.

25. Class members are considered eligible for a second distribution payment when they cashed their initial distribution payments. Per the above, there are 18,411 class members that cashed their initial distribution payments and nine were recently issued payments that are

expected to cash (and are thus considered cashed). However, during review for a second distribution, it was determined that one class member received a duplicative payment in the initial distribution (which was cashed). This duplicative record will not be eligible for a second distribution. Accordingly, the number of class member records that are eligible for a second distribution payment is 18,419.

26. As of August 8, 2024, there is \$3,172,741.62 remaining in the distribution account. This is comprised of the \$1,856,570.44 in uncashed Tyson distribution payments, the \$1,304,974.21 in uncashed Perdue distribution payments, the \$50,000 reserve fund, a \$0.22 rounding variance that was not distributed, minus the Additional Distribution Payments and unforeseen administrative expenses (discussed next).

27. Prior to the initial distribution calculation, Angeion estimated the total administrative fees and expenses necessary for that initial distribution. Actual fees through June 30, 2024 were \$32,579.86 higher than anticipated as a result of additional class member communications, the need to send a number of corrected and additional notices and the related follow-up class member correspondence, work related to extending the check cashing period in an effort to reduce the remaining funds in the account, and other unforeseen administrative tasks. These fees were paid from the distribution account, and assigned to the Tyson and Perdue settlement funds per the 59% and 41% proportional contributions to the aggregated fund.

28. The table below details the remaining funds in the distribution account:

Overview of Remaining Funds in the Tyson and Perdue Distribution Account	Total	Tyson	Perdue
Uncashed Checks	\$3,161,544.65	\$1,856,570.44	\$1,304,974.21
Rounding Variance (not distributed)	\$0.22	\$0.13	\$0.09
Reserve	\$50,000.00	\$29,500.00	\$20,500.00
Additional Distribution Payments	(\$6,223.39)	(\$3,658.78)	(\$2,564.61)
Unforeseen Administration Expenses	(\$32,579.86)	(\$19,222.12)	(\$13,357.74)
Remaining Funds in the Tyson and Perdue Distribution Account	\$3,172,741.62	\$1,863,189.67	\$1,309,551.95

29. Angeion estimates that the administration costs to facilitate a second distribution to the 18,419 eligible class members would be \$48,265.00. This estimate includes the printing and postage costs associated with issuing an additional 18,419 distribution checks, including receiving and processing undeliverable distribution checks, conducting address verification searches and re-mailing distribution checks; expenses related to the calculation of the distribution award amounts; the time needed to coordinate and effectuate the distribution, including maintenance and reconciliation of the distribution account; costs for hosting the Settlement Website and toll-free hotline during the period that eligible claimants have to cash distribution checks; reporting requirements to the Parties and the Court and communication with eligible claimants; an additional tax return for the distribution account; and other administrative costs.

30. After deducting from the remaining Tyson and Perdue funds (i) the relative shares (59% for Tyson and 41% for Perdue, representing the settlements' proportional contributions to the aggregated fund) of the above estimated administrative fees and expenses necessary to facilitate a second distribution and (ii) \$6,864.16 for Tyson and \$4,811.41 for Perdue – totaling \$11,675.57 – in reservation for the recently issued nine checks that have not yet reached their expiration date, Angeion has calculated there to be \$1,827,849.16 remaining from the Tyson settlement and \$1,284,951.89 remaining from the Perdue settlement to distribute second payment awards to the 18,419 eligible class members (for a total of \$3,112,801.05). The table below details this calculation of the Second Distribution Net Settlement Funds:

Calculation for Second Distribution Net Settlement Funds	Total	Tyson	Perdue
Current Balance in the Distribution Account	\$3,172,741.62	\$1,863,189.67	\$1,309,551.95
Uncashed Payments Not Yet Expired	(\$11,675.57)	(\$6,864.16)	(\$4,811.41)
Administration Fees for Second Distribution	(\$48,265.00)	(\$28,476.35)	(\$19,788.65)
Second Distribution Net Settlement Funds	\$3,112,801.05	\$1,827,849.16	\$1,284,951.89

31. Attached as Exhibit B is a list of all eligible class members referenced by Claim Number. The list includes the total amount that will be paid in the second distribution from the funds remaining and the compensation amount that was used to make this determination.⁴

32. Upon approval of the above calculation and Court authorization for redistribution, the average second award is \$169.00 per class member. In total, there are 7,219 who will receive \$100.00 or less; 10,563 claimants will receive between \$100.01 - \$500.00; 580 will receive between \$500.01 - \$1,000.00; 54 will receive between \$1,000.01 - \$2,000.00; 2 claimants will receive between \$2,000.01 - \$3,000.00, and one claimant will receive an amount greater than \$3,000.⁵

33. The distribution checks will be void ninety (90) days after issuance. Wording to this effect will be printed on the face of the check and will be mentioned in the check stub.

34. Angeion will re-issue checks to all whose check is returned by the USPS as undeliverable but contain a forwarding address. All checks re-issued through this process, or by claimant request, will be void thirty (30) days after re-issuance or the original check's void date, whichever is greater. Any check for which an updated address cannot be obtained through these means (or is returned a second time by the USPS as undeliverable after re-issue following research) will be deemed "undeliverable" and no further processing will be performed.

35. Attached as Exhibit C is a list of the total claim award for the 18,419 class members eligible for a second distribution of the Tyson and Perdue settlements, combining the payments thus far from the Tyson, Perdue, Koch, and Sanderson settlements, both the payments these class members have been approved to receive already (the initial distributions for Tyson, Perdue, and

⁴ If corrected compensation amounts were determined after the initial distribution due to additional research and correspondence with class members, the corrected figures were used to calculate the class members' second distribution payment amounts, where applicable. With the exception of the four Additional Distribution Payments that were issued, no initial distribution payments are being rectified or otherwise corrected.

⁵ See n.3 above.

Koch), as well as the proposed payments covered in this declaration (the second distributions for Tyson and Perdue, and the initial distribution for Sanderson).⁶

36. Upon approval of the above calculations and Court authorization for the proposed distributions, the average total award thus far from the Tyson, Perdue, Koch, and Sanderson settlements is \$2,030.83 per claimant, for these 18,419 class members eligible for a second distribution of the Tyson and Perdue settlements. In total, there are 913 who will receive \$100.00 or less; 2,510 claimants will receive between \$100.01 - \$500.00; 2,650 will receive between \$500.01 - \$1,000.00; 4,766 will receive between \$1,000.01 - \$2,000.00; 3,615 claimants will receive between \$2,000.01 - \$3,000.00; 2,855 claimants will receive between \$3,000.01 - \$5,000.00; 1,002 will receive between \$5,000.01 - \$10,000.00; and 108 claimants will receive an amount greater than \$10,000.00.

I hereby declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.

Dated: August 14, 2024

DENISE EARLE

⁶ Due to developments in the Grower compensation data determined after the Tyson and Perdue payments were distributed, certain class member records from the Tyson and Perdue Settlements were combined or divided for purposes of refining the Koch Settlement and Sanderson Settlement Class Lists. Class member records notated as a “duplicate” in Exhibit C represent those that, because of these refinements, now have multiple corresponding records in the other distribution list, and therefore do not list any payments for the duplicate record. Class member records in Exhibit C that only have a Claim Number for either the Tyson and Perdue Settlements, the Koch Settlement, or the Sanderson Settlement have either excluded themselves from one or more settlements, but not the other(s), or they failed to submit a valid Unpopulated Claim Form for one or more settlement(s) but had submitted such an Unpopulated Claim Form in the other(s).
